Capture your senses

After turning heads on the streets of Russia, Argentina, Brazil and beyond, the Renault CAPTUR now makes its way to India. Bearing the distinctive expressive styling that is a hallmark of its rich lineage, the Renault CAPTUR is a whole new class of vehicle – India's first premium SUV with strong crossover DNA.

The Renault CAPTUR's striking exterior exudes sophistication. The dual tone sculpted roof, chrome studded front grille and Innovative Lighting System enhance its visual appeal, and are a nod to Renault's commitment to detail. On the inside, it's just as captivating. The exclusive interior with plush ErgoDesign leather seats complements state-of-the-art technology features like the Intelligent ULC 3.0 to create an experience that truly captures your senses.

Designed to inspire awe

The Renault CAPTUR blends a bold, assertive presence with expressive styling. Its dual tone exterior comes in a range of fashion-inspired colour combinations. Accentuating the car's dynamic lines are a host of distinctive design details. The R17 Crystal Cut alloys enhance its agile stance, while Renault's iconic C-shaped Sapphire LED DRLs, Floating Side Indicators and Sparkle Full LED headlamps give it a truly unique lighting signature.

The Renault CAPTUR's expressive design is carried forward on the inside. The Global First PLATINE EDITION features ultra-premium white and gold interiors and LED ambient lighting. Together with an elevated driving position that offers wraparound panoramic visibility, the Renault CAPTUR sets a new benchmark for comfort.

Intelligence meets intuition

The Renault CAPTUR brings to life Renault's OneIntegration concept that seamlessly connects car and driver. A unique Smart Access Card helps you ease into a world that's connected and comfortable. OneIntegration further extends to the advanced Infinity Instrument Cluster, the Intelligent ULC 3.0 with in-built rear parking camera and the Auto AC with surround white illumination that ensures the cabin is always optimally cooled – both in the front and back rows.

Safety in the Renault CAPTUR is just what you expect it to be – intuitive and uncompromising. State-of-the-art features like Cruise Control and Speed Limiter complement front and side airbags to ensure safety always comes first.
